# LAMP Words For Life 84 Full Core Word Activity - Make a Snowman

Making a snowman is a fun winter activity. Your snowman can be made from paper and scraps of yarn, or you can make one in an App or computer program to share on line. You can even find a recipe on line for "snow dough" made with cornstarch and vegetable oil. It doesn't matter if you brave the cold and make one outside or stay nice and warm inside, you can have fun using these words. As the communication partner, whether you are a family member, teacher, therapist or friend, use these words as you talk to model where they are located and how powerful they can be. Look for opportunities to teach and model these words while making your snowman this month.
