

## November 2021

# LAMP Words For Life 84 Full Core Word Activity - Apple Volcano

Be a scientist this month. Make an apple volcano and watch what happens! The adult removes the core of the apple first. Put the apple in a shallow pan and add 1-2 tablespoons of baking soda. Discuss what might happen when you add vinegar. Next, pour in a cup of vinegar and talk about what you see.

As the communication partner, whether you are a family member, teacher, therapist or friend, use these words as you talk to model where they are located and how powerful they can be. Look for opportunities to teach and model these words while making apple volcanoes this month.

Single Words	<b>Nouns</b>	<b>Verbs</b>	<b>Adjectives</b>	Two Word Phrases	Three Word Phrases
