LAMP Words For Life 84 Full Core Word Activity - Leaf Suncatchers

Collect leaves and make a suncatcher. All you need are some colorful leaves and clear contact paper. Arrange leaves in any pattern on the sticky side of a piece of contact paper. When you are happy with your design add another piece of contact paper on top and "sandwich" the leaves in the middle. You can cut around the leaf shapes or leave it as one large piece of art. Tape to a window and watch them sparkle in the sun!

As the communication partner, whether you are a family member, teacher, therapist or friend, use these words as you talk to model where they are located and how powerful they can be. Look for opportunities to teach and model these words while making and admiring your leaf suncatchers.
